

# PREVENT FUEL THEFT FROM DISPENSERS

## GVR Encore 700 Pulsar Security Kit

### What's included in the kit:

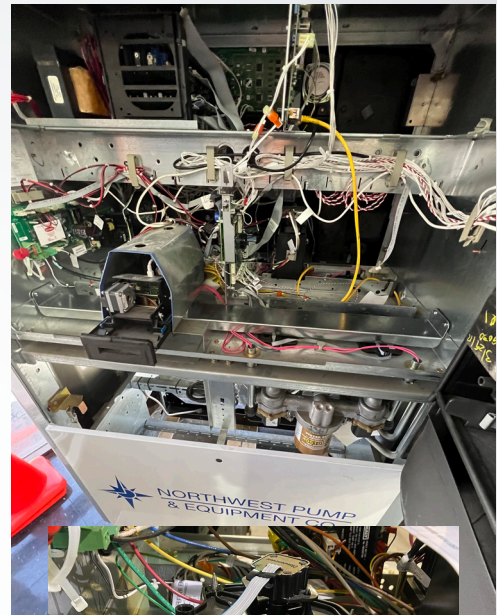

- 2ea Covers
- 8ea Star Drive with Pin Security Pan Head Self Drilling Screws
- One kit is needed per dispenser

This should be a good solution for the pulser tampering that has been happening.

### Want to stop fuel tank theft for underground tanks?

Northwest Pump has the solution to get you covered. Protect your dispenser by purchasing one today so your dispenser can't be broken into!
