STANDARD & EXTENDED WARRANTY on VANISH + GALASY II CANOPY FIXTURES

STANDARD WARRANTY: **5 YEARS PARTS**, driver and LED module

EXTENDED WARRANTY: **7 YEARS PARTS**, driver and LED module,
5 YEARS LABOR assistance

The Warranty period applicable to any Product covered by the Extended warranty shall commence on the date of original shipment from Hubbell Lighting's facility or date of manufacture of such Product

- Standard Warranty on years 1 through 5
- Extended Standard Warranty on years 6 through 7 or up to 50,000 total operating hours, whichever comes first.

- The extended warranty includes labor assistance for up to five years from date of shipment. When labor assistance is warranted, a labor quote must be submitted and approved, in writing, by Hubbell Lighting prior to the work being performed. Labor assistance does not include equipment rental.
- The Extended warranty must be requested within six months of the product's original ship date or manufacture date.
- The Extended Warranty excludes sensors, controls, and emergency battery back-up units.
- The extended warranty for the canopy lights is valid if the product is installed in an ambient environment that does not exceed 40C.
- The LED arrays in a Product shall be considered to be defective in material or workmanship only when 15% or more of the individual LEDs in such Product are not illuminated.
